

Cinema Equipment
Supplies and More...

We work with exhibitors in the U.S. and LATAM markets on new builds, renovations, equipment upgrades, ongoing cinema monitoring and support.

- Top notch support and monitoring Network Operations Center available 7 days a week
- We sell new and used equipment and cinema supplies with all the main cinema vendors
- We can create custom solutions
- Cinema monitoring software
- Content Management Program
- Remote and on-site tech support offerings
- Cinema sound and projection engineers on staff
- Technical support specialists with many years of experience

WHY CES+ ?

35+ YEARS OF EXPERIENCE
and thousands of theaters supported

We work alongside exhibitors to evolve their technology and leverage the latest cinematic innovations to excite, entertain, and provide epic customer experiences.

CES+ is the premier partner in cinema solutions. For the past 35 years, we have been a pioneer, delivering innovative, intelligent, and custom-made solutions for cinema exhibitors.

CES+'s success is based upon several key points: caring for our customer's success, evolving with the times, always advancing our expertise and loving what we do!
